

Thank you for registering for a UNT CSE GenCyber Summer Program! We look forward to your participation. Here are a few things you need to know.

This information packet covers all the GenCyber Camps that will be held in Denton for the 2017 season.

First a note regarding scholarships and age requirements

If you are attending the GenCyber Summer Camps in June or July 2017, we have grant funding for students who are in the 8th -12th grade. There are a number of forms you must complete that will be sent in coming weeks. All forms must be returned within 10 business days of receipt of confirmation, or your registration will be cancelled.

General Information and Policies

- Camp will start at 9 am each morning and end at 4 pm each afternoon. Someone will be available beginning at 8:30 am should you need to drop off your child a little early. There will also be staff here until 4:30 pm if you are running late. Please note that a camp or university staff member will not stay with your child after our office closes and there are no other provisions for early or late day care! Please try to operate within those parameters so we do not have campers wandering around the building unsupervised.
- On the first day of each camp there will be a guide and signs to get you from the front door of the Discovery Park building to the room we will be using for registration, which is F206. This is also the room where you will pickup campers at the end of the day. We will also be available beginning at 8:15 on that day only for registration purposes.
- If you need to take your child out of camp for any reason, please send a note with them beforehand so we will know, or email us at GenCyber@unt.edu .
- Attire is casual.
- Lunch will be provided each day of the camp. There is no need for the campers to bring any food or money for food, unless they have special dietary requirements or want other snacks during the day from the area vending machines. We will provide water for lunch and throughout the day. If the student has any special dietary requirements, please let us know in advance.
- Directions to the Discovery Park
 - **Driving Instructions:**
From I35: Take I35 North past Denton. Take exit #470 (Loop 288). Turn right onto 288 after the Honey Toads Cafe. Immediately exit 288 onto US 77/Elm Street. The UNT Discovery Park is on the left, at 3940 North Elm.

- **Please follow the signs to visitor parking and drop your child off near the front door.**
- **You can also find these at http://www.cse.unt.edu/about_us/contact_us.php**

- On Friday of each camp starting at about 3:00 pm we will ask students to present and discuss their activities for the week to their parents and other interested members of the press and the community. Please plan to attend! For that day, or any time you plan to do more than drop-off, please be sure to get a visitors pass form the guard at the gate.
- During the camp, we will have various members of the press, including newspaper reporters and photographers and likely various camera crews visiting, so please watch for stories. We will also make pictures available online at the end of the summer.
- **IMPORTANT: All forms must be returned within 10 business days of your confirmation. They can be returned via email to GenCyber@unt.edu or by mail to:**
 - UNT Computer Science and Engineering
