OPEN HOUSE
COLLEGE OF ENGINEERING DEPARTMENT OF COMPUTER SCIENCE AND ENGINEERING

3:00pm - 5:00pm • Thursday, January 24
Wine and Cheese Reception (F201)

RSVP by January 18 to
Cindy.Dutton@unt.edu

Research Strengths in Computer Science and Engineering

- Algorithms and Computational Science
- Artificial Intelligence and Data Science
- Computer Systems and Networking
- Cybersecurity
- Software Engineering

Laboratories

- Computer Vision and Intelligent Systems (F289)
- Connected Autonomous Vehicles (F231)
- Data Mining and Information Retrieval (F267)
- Human Intelligence and Language Technologies (F205)
- Information Security and Privacy (F257)
- Multimedia Information Group (F266)
- Research Innovation in Software Engineering (F288)
- Smart Electronic Systems (F233)
- Wireless Sensor (F220)

Centers

- Computational Epidemiology and Response Analysis, F296
- Information and Cybersecurity, F237
- Net-centric Software Systems, F268

Tour labs • Talk to faculty • Network • Generate ideas
